WAIMEA NOTES,

Purser A. J. Clapham of the Keauhou which arrived from Kanai Saturday morning furnished the BULLETIN with the following information .

The Waimea Ice Works started up in full swing yesterday and are turning out 1400 lbs. of ice a day. Formerly ice was procured from

Honolulu at a great expense.

At the Eleele landing a large chute for the landing of lumber has been constructed and it is now possible to haul 2000 feet at a time ashore by means of a traction sugine. Heretofore it was necessary to carry lumber up the beach piece by piece. Heavy machinery for the planta tion is now easily handled, 8 or 1 tone at a time being handled by the traction engine.

The landing at Eleele has the appearance of a large lumber yard; many new dwelling houses are going up, and other improvements are under way.

The new scow at the plantation anding renders the landing of heavy machinery a comparatively easy matter, 25 tons can be taken on the scow at a time

Mr. Dole was at Waimea when the Keauhou left. Hist pephew is still very ill at the Gay residence between Waimes and Makaweli. A trained nurse, Miss Laughlin is in attendance.

Lawyer Kinney returned from the McBryde plantation on the Keaubou and Carpenter Moody came to town for lumber and men.

'Por the Sake of Fun, Mischief is Done.' A vast amount of mischief is done, too, because people neglect to keep their blood pure.
